

L'huile des records du monde

AGRIPRO HV 46

High viscosity index hydraulic oil

USES

Engineered specifically to meet the tough applications of heavy-duty hydraulic-powered operations (tractors, harvesters ...).

When the hydraulic and the transmission circuit have a common sump, use AGRIPRO HJD or HF6 or a multifunctional lubricant (AGRIPRO MUTI 5 or MULTI 4) according to the manufacturers recommendations.

MAIN CHARACTERISTICS

		Units	Values
Density at	20° C	kg/m ³	873
Kinematic viscosity at	40° C	mm ² /s	46
Kinematic at	100° C	mm ² /s	8.4
Viscosity index			160
Pour point		° C	-36
Flash point Cleveland Open Cup		° C	220

PROPERTIES & ADVANTAGES

- High viscosity index maintains excellent stability to the temperature
- **High shear stability and oxidation inhibitors** provide a long stable service life
- Does not damage the seals
- Outstanding filterability
- Efficient anti-wear, anti-corrosion and anti-foam capabilities
- No air-retention and excellent de-emulsification properties

PERFORMANCES

AFNOR E 48-603 HV
DIN 51524 part 3 HVLP
ISO 6743/4 HV
