

L'huile des records du monde

ATF A

Automatic transmission fluid

USES

Lubricating fluid for automatic or semi automatic transmissions and torque converters when the GENERAL MOTORS ATF Type A suffix A specification is required by the OEM.
Also suitable for certain types of manual transmissions when required by the OEM.

MAIN CHARACTERISTICS

		Units	Typical value
Specific gravity at	20° C	kg/m ³	878
Kinematic viscosity at	40° C	mm ² /s	40
Kinematic viscosity at	100° C	mm ² /s	8.0
Viscosity index			178
Pour point		° C	-42
Flash point Cleveland O.C.		° C	> 190

The data given in this table are typical values from production and cannot be specifications in any case.

PROPERTIES & ADVANTAGES

- **Specific** friction coefficient
- **Very good** anti-foam, anti-rust, anti-corrosion and detergent properties
- Outstanding **thermal stability**
- **High viscosity index**
- Excellent low-temperature performance
- **Non-aggressive** onto the elastomers (seals)
