

L'huile des records du monde

GRAISSE MOYEUX

Multiuses Extreme Pressure grease

USES

Particularly adapted to lubricate **hubs** for drive wheel of heavy duty vehicles.

Can be used whenever a **NLGI 3** grease is required.

MAIN CHARACTERISTICS

	NLGI 3 Grade
Color	Dark brown
Aspect	Smooth
Consistency (penetrability 60 strokes)	220-250 (10^{-4} m)
Drop point	195°C
Thickener	Lithium
Weld load	315 kg

PROPERTIES & ADVANTAGES

- Reinforced extreme pressure and antiwear properties
- Very good high temperature resistance
- **Water insoluble**
- Good anticorrosion and antirust protection
- Efficiency between **-20°C and +140°C**

PERFORMANCES

N.L.G.I. 3
