

L'huile des records du monde

MÉCAPROP

Universal cleaner

USES

Formulated to allow a very easy use, cleaning all the engine parts (external) with a maximum accuracy.

PROPERTIES & ADVANTAGES

- Instant dissolving of deposits and greases, especially on the engines
- Desegregate the filing or used oil deposits in the bottom of the crankcases or of the cack valves
- Degreases the weather-strip
- Cleans the plastic parts without tarnish
- Not aggressive on paints
- Promotes the leakage diagnostics
- Does not leave any deposit, does not need to be wiped.

DIRECTIONS

Make a first spray and leave the product acting during 20 seconds.

Do it again if necessary
